SPIRIT OF

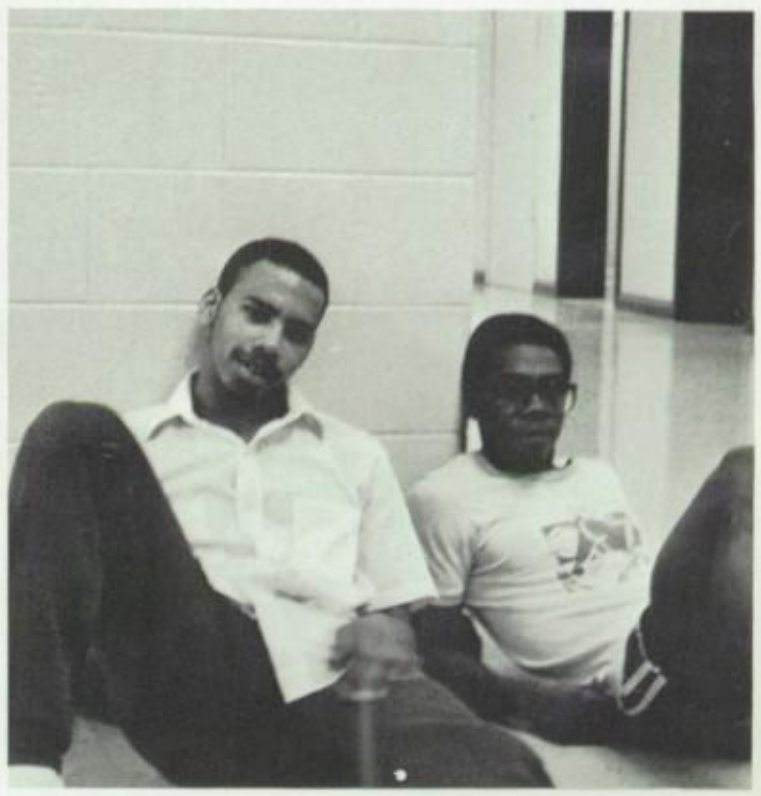
We sometimes get knocked down . . .

the way gets rough . . .

but we keep going . . .

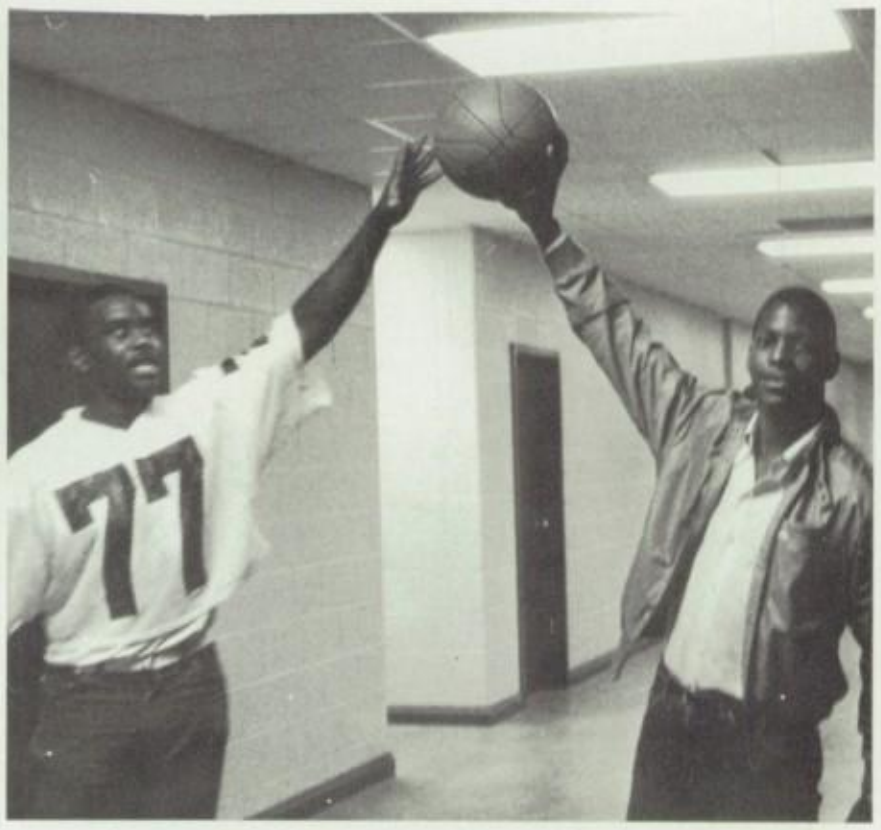


and we get tired . . .

The General!!

but we keep working . . .

General Territority's small size in no way dampens spirit. The spirit of a "True General" is an undefinable thing. Even when the going gets tough we never quit. William Campbell not only strives to be best in sports but also in academics. Hardwork, Pep, and that never give up attitude is what sets the Generals apart from the rest. This, at least, is part of what we mean by the spirit of the Generals.



and styding . . .

and striving to reach the top!

ASSEMBLIES

Reading off a list of great reasons to join a club is Eva Forrest, Wanda Roach, and Kelly Crabtree.

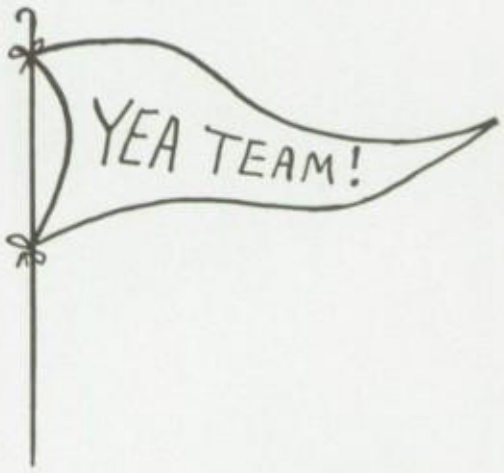
Thinking of all the reasons why she decided to get up in front of all the people is Leigh Ann Jones.

Encouraging people to join FHA is Tica Burnette.

Putting on a skit for the student body is Audrey Lambert, Donald Logan, Osben Robinson, and Coston Cheatham.

We've Got the Spirit

The student body makes a pep rally, not only the cheerleaders, athletes, or teachers. Students who participate in pep rallies with heart, hands, and voices. They are the ones who help make spirit abound and people rejoice. Shock waves and spirit sticks breed enthusiasm and many times, *VICTORY* for our GENERALS. Let our spirit continue to soar.



Who's going to win tonight, We are going to win tonight. Say's the football cheerleaders and some of the football players.

Our cheerleader's really have the spirit. Look at them go.

A few of our Senior's show their spirit at one of our pep rallies.

Let's Us Dance

Generals have been swingin' their partners for many years. Dancers are fun and provide opportunities for us to "strut our stuff' on both formal and informal occasions.

With their own style of dancing is Mary Evans and Kenneth Holt.

"Still number one dancer."

Holding each other real close is Tica Burnette and Dave Farmer.

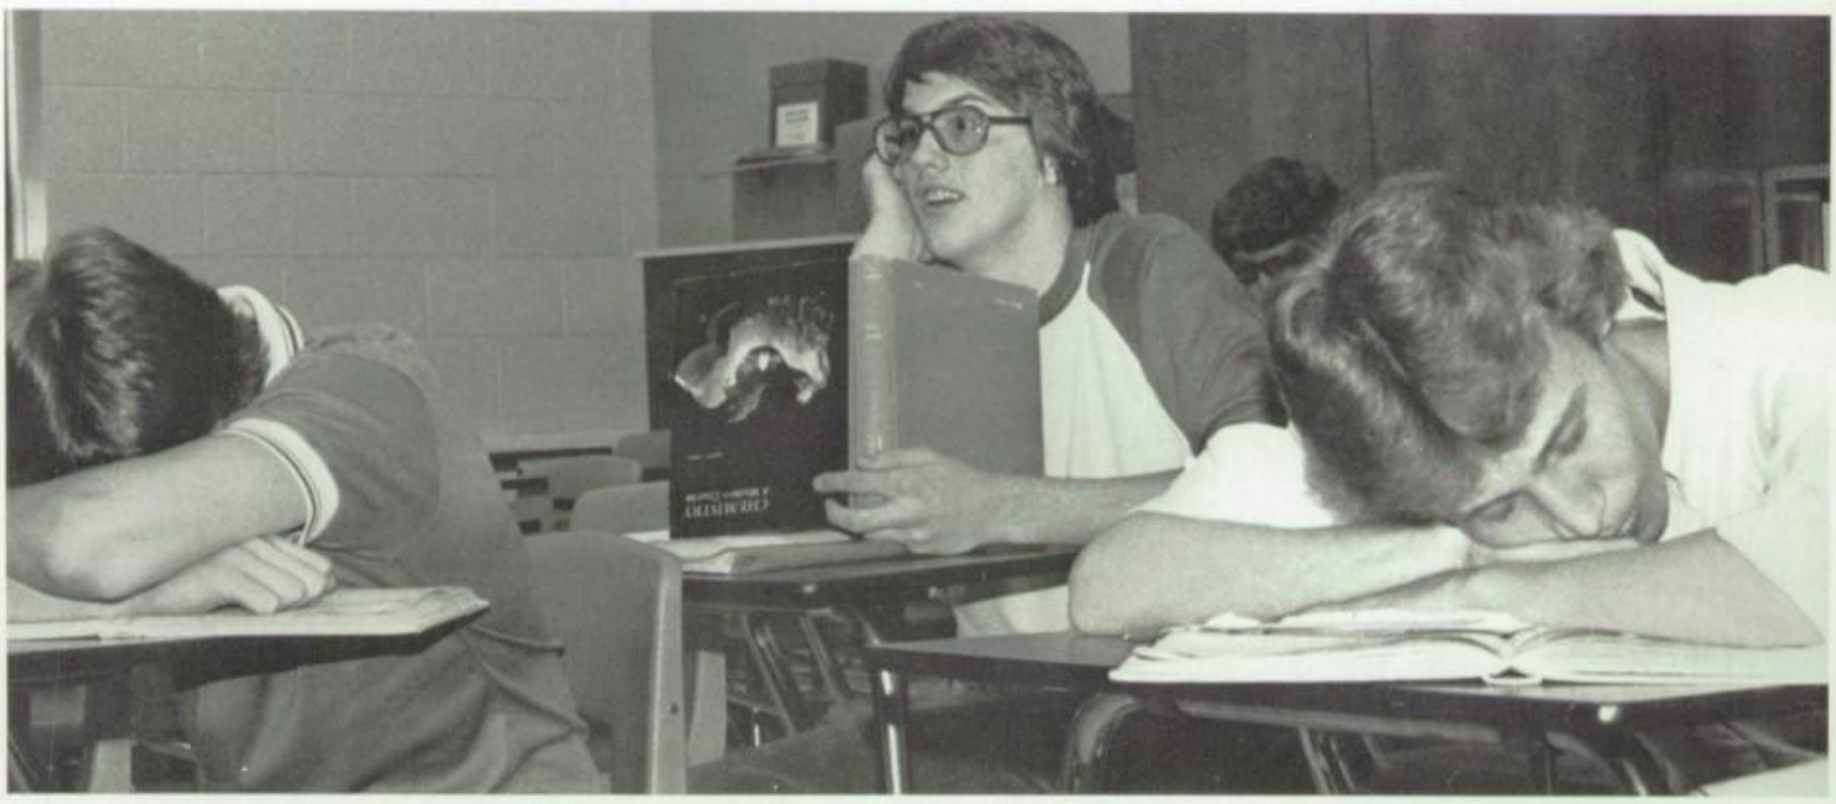
Everywhere you look you can see teachers and students at work no matter where they are, at school, or on the job. Some students at William Campbell have jobs in the community obtained through the ICT program. Below are Generals — doing their thing on the job.



Ron Bentley and Greg Sowell are really working hard!

Dr. Campbell is the team Physician. He is always there when the players need him. Whether they're injured or not. Burke Payne is the team trainer. He is often called Doc Campbell's side kick. Homecoming Court

The time had finally come. The score was "20-0" and we were winning. The song "Chariots of Fire" was being played over the intercom. A blue tractor pulled a float carrying a white present with a blue ribbon tied around it with the words "Great Things Come In Small Packages." Walking along side the float were the male escorts. Then the intercom started announcing the Homecoming Representatives. And it wasn't long before they were all lined up along the side lines. Then the time everybody was waiting for came, they announced the Homecoming Queen, which was Brenda Cheatham.

Past

Time Capsule:

W.C. Remembers the past
Lives in the present
and looks forward to the future.

W.C. was made to last. And we are still going strong. In the future, we will be able to look back at this page and see some of the things from our past. But we will never forget the things that are to come. Must be faced with hope and positive faith.

RING DAY!

The Juniors crowd together to display their rings.

The moment had finally come. Many juniors had been waiting patiently all summer. It had seemed that this day would never take place. But finally it did. Everyone crowded into the auditorium and took their seat. At last the class rings were distributed by the officers. Their was a tremendous air of excitement as everyone tried on their ring for the first time. Then everyone started moving around. There was constant motion as students proudly displayed their rings to fellow classmates. The Juniors also participated in the tradition of class ring turning for luck. Later there was a ring party in the cafeteria. The excitement continued as the Juniors were served refreshments. "Ring Day" may have passed by quickly, but the memory will never fade for most.

A familiar sight on ring day, the turning of a class ring.

Taking a break from eating to check his ring is Ron Bentley.

Friends Makes the World Go Around

Out in the cold talking about their boyfriends are Lisa Guthrie and Lisa Britton.

Friends are something special, everybody needs a friend. To talk too when you are having problems are just to hang around with. Friends are there when you need them and they will always be there. Friendship is something you can't do without. Who's your friends.

Lisa Britton is just walking with her friend Robert Scott.

Best of friends say Marion Smith and Sherwyn Bradley.

Amy Angel and Lewis Harris makes the best picture.

AND STAFF

Our Teachers — Who are They?

The teachers at William Campbell High School are the most courteous and honorable within 1000 mile radius. They are the ones who pull the strings to get favors done for us. Its the teachers of William Campbell High School who take time out from class, home and personnal problems to help us go places, accomplish things, and make more of ourselves. Some are not as visable as others with their efforts, but all have made their impact in various ways. Sometimes we can't see them but they're there. To all the teachers we owe our love and respect; to those who have brightened our days, We say, "Thank-you."

Softball

This softball season we had some new forces on our team. The team consisted of some hard working girls, that didn't have much experience, but still had the winning spirit. Our team was really proud to have had Mrs. Hunt for their coach she really gave them the encouragement they needed in order to be a good team.

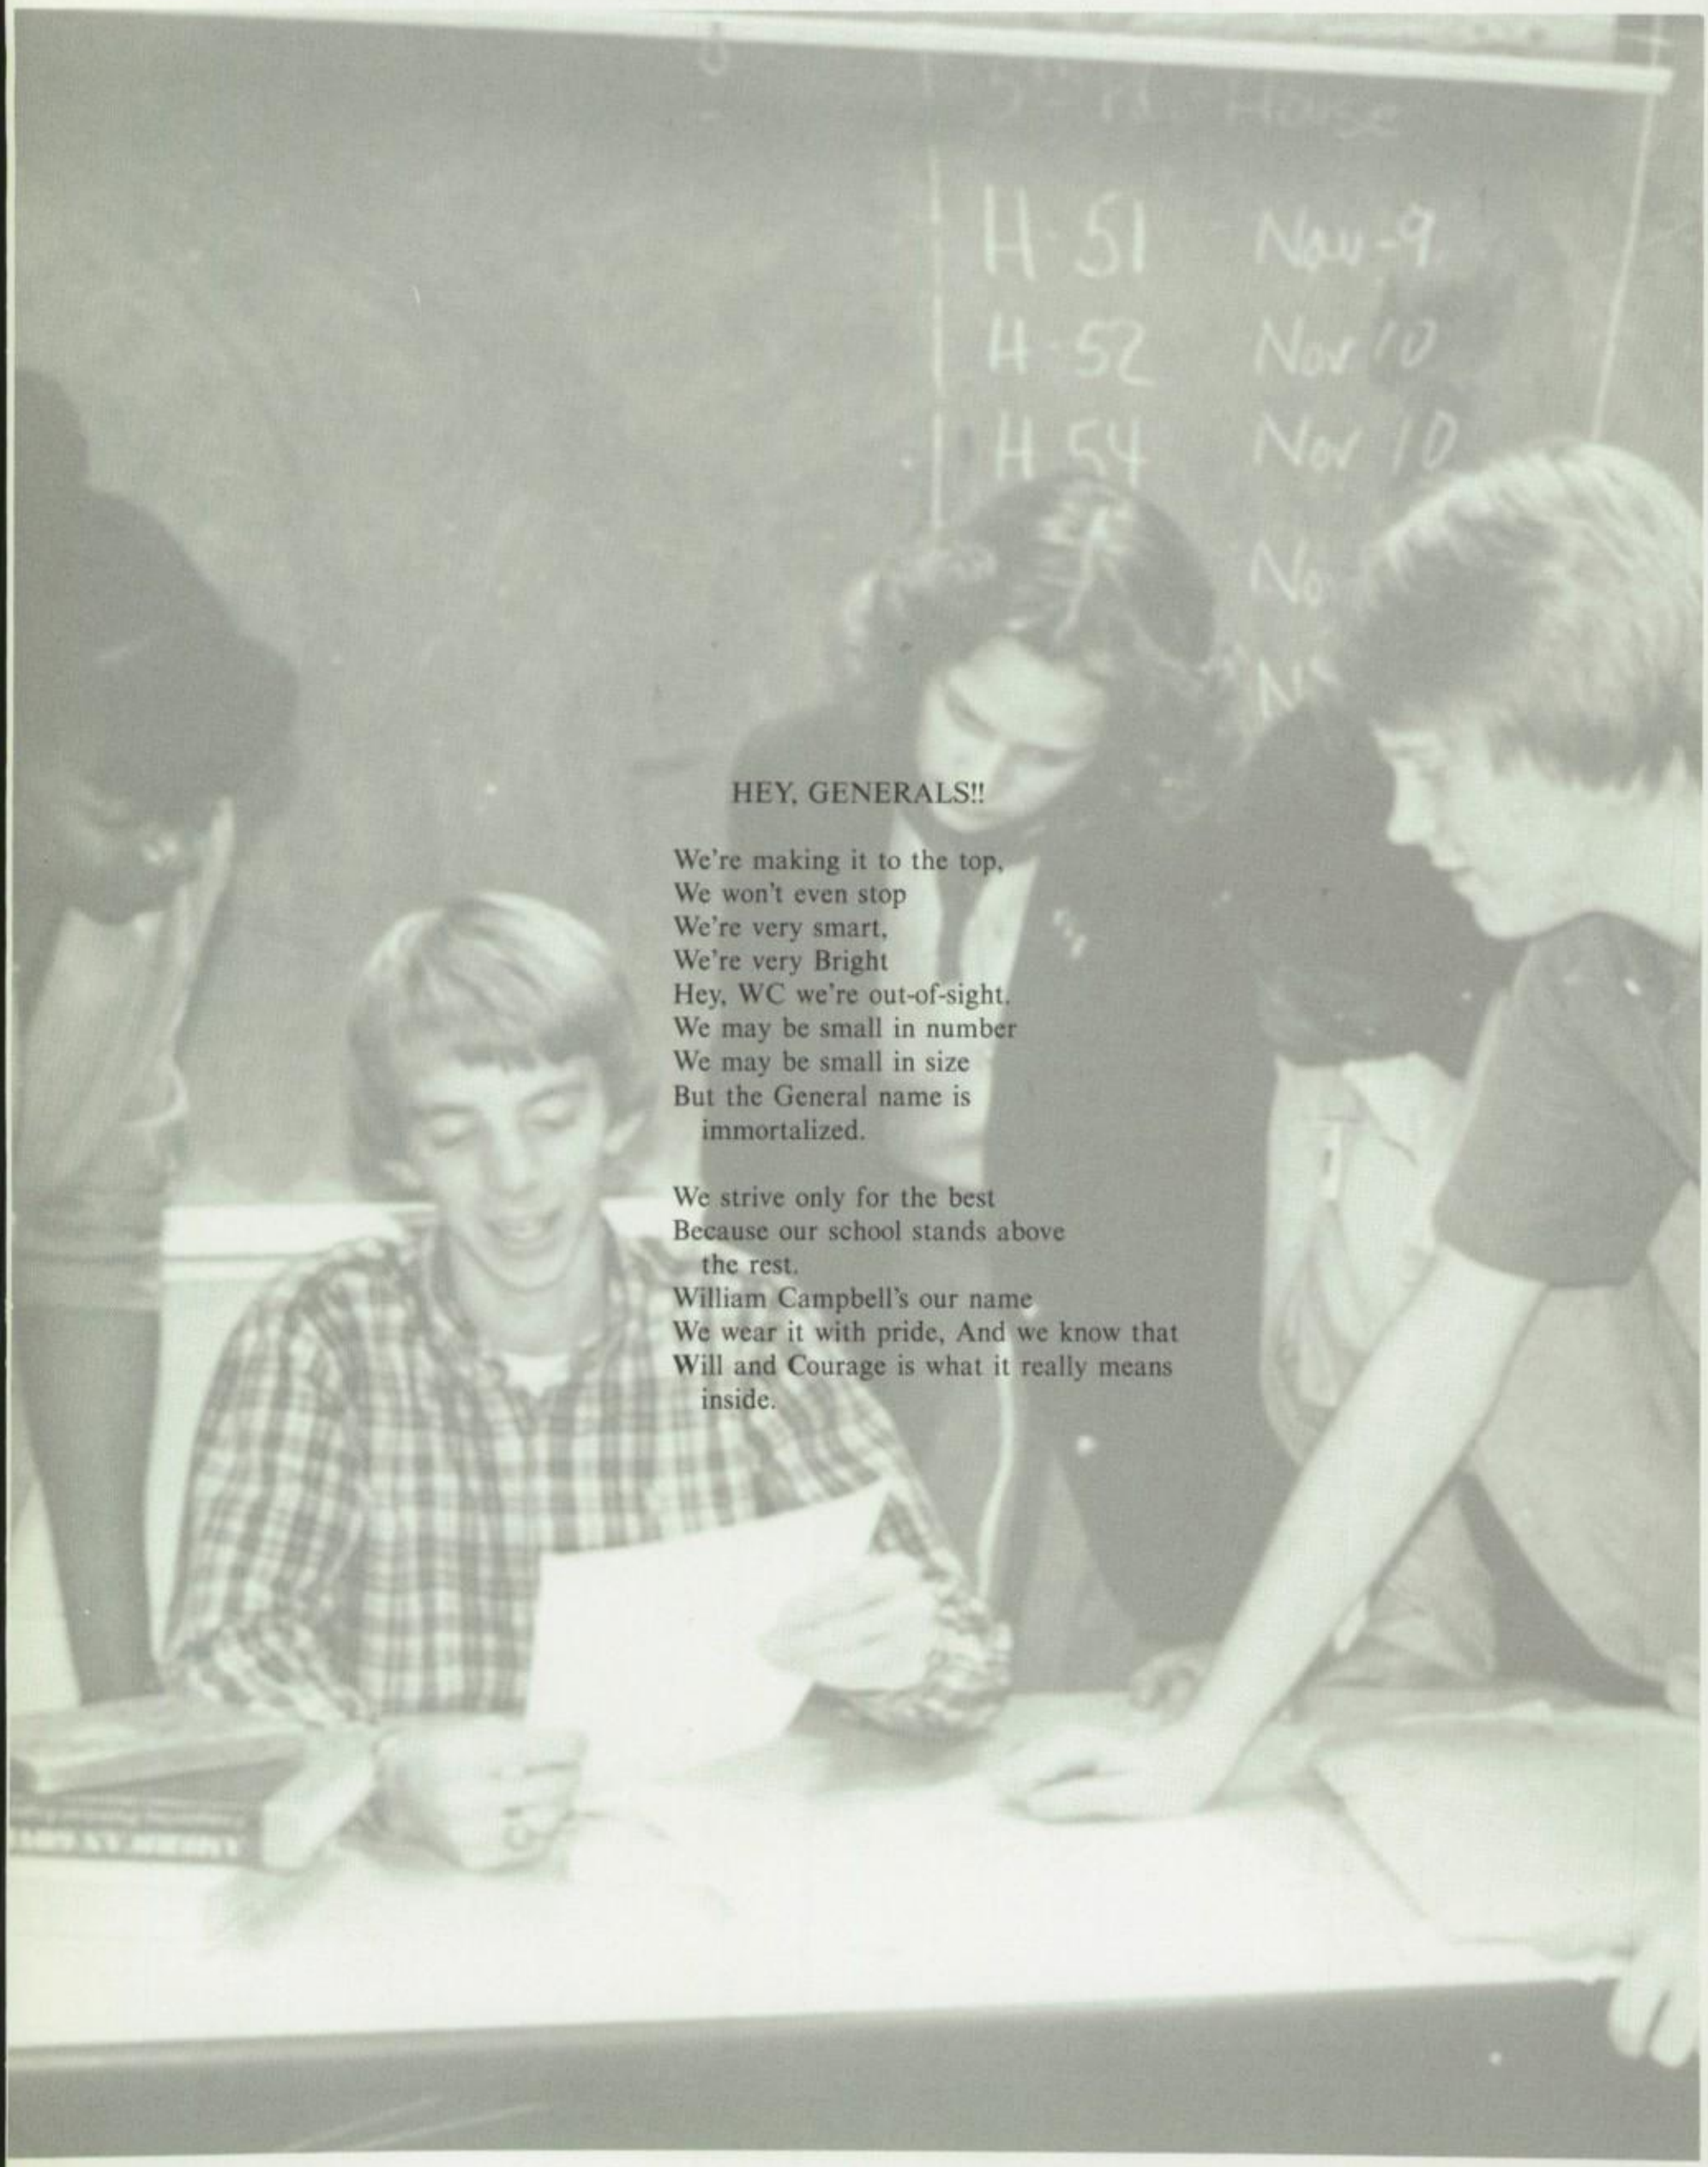
WE CLOSE



HEY, GENERALS!!

We're making it to the top,
We won't even stop
We're very smart,
We're very Bright
Hey, WC we're out-of-sight.
We may be small in number
We may be small in size
But the General name is
immortalized.

We strive only for the best
Because our school stands above
the rest.
William Campbell's our name
We wear it with pride, And we know that
Will and Courage is what it really means
inside.
